

MidAmerica Journey

Your benefits on your time.

As a public sector employer, managing your organization's benefits should be easy, so that you have the time to do what matters most: taking care of our students, communities and the employees who serve them.

MidAmerica Journey is an on-demand benefits management portal that empowers you to easily access everything you need quickly and securely.

Employer Benefits at a Glance

- Easy access to frequently-used functions
- Simple, intuitive interface
- Secure, role-based access
- Scheduled, event-based and ad-hoc reporting capabilities
- HIPAA-compliant platform
- Custom branding capabilities
- Access to all of your Health & Welfare plans in one place

Employer Self-Service Spotlight

- **Employee Management:** Online lookup helps you efficiently respond to employees' questions and issues.
- **Flexible Reporting:** Automatically schedule or access on-demand reports at your fingertips to view what's important to you. Easily customize your reports using various parameters and export to PDF, Excel or data file.

Powerful Resources for your Employees

Participants will have 24/7 access to their benefits online and many self-service capabilities that allow them to:

- View account balance, history and transaction detail
- Submit and manage claims online
- Manage personal information and communication options (sign up for and manage direct deposit, sign up for text and email communications)
- Access forms and helpful resources
- Access the Journey mobile app : A free app that is accessible on iOS and Android devices
- Experience greater debit card availability (available for Medical and Dependent Care Flexible Spending Accounts as well as Fixed and Variable Investment Health Reimbursement Arrangements)
